WELCOME TO EWU IN THE HIGH SCHOOL PROGRAM

We are pleased that you are offering Eastern Washington University courses on your high school campus! Eastern, a four-year accredited university offers 135 fields of study, 9 master's degrees, 12 graduate certificates and 39 graduate programs. Here at Eastern we pride ourselves on starting something BIG, and it is our desire that your journey here will be the beginning of many BIG things to come.

College in the High School was initiated in 2009 and updated in 2015 by the Washington State Legislature to provide verified sophomores, juniors or seniors enrolled in a Washington State public high school the opportunity to take college courses as part of their high school education. Students earn low cost to no cost tuition college credit while completing their high school graduation requirements. As a result, EWU in the High School students can earn their high school diploma and complete some of the General University Core Requirements (GECRs) or major/minor requirements at the same time.

The decision to start college early is an important one. Frequently, a student may be academically prepared for college-level courses, but may find social or emotional demands overwhelming. The most successful college students are highly motivated, work independently, take initiative, have good study skills, self-disciplined and are able to complete a variety of assignments with little direction from instructors. Students, parents and counselors should carefully consider whether EWU in the High School appropriately meets the student's needs.

EWU offers three distinct programs to help high school students get a *Running Start* on their academic careers.

- *Running Start On-Campus* enables students to take up to two years of free college credit while attending classes on Eastern's campus.
- *Running Start Online* is designed for a long-distance student who cannot attend classes on the EWU campus.
- *EWU in the High School* (EWUHS) gives a student the opportunity to take college courses low to no cost in the comfort and familiarity of their high school.

College in the High School is an opportunity for students who are self-motivated, responsible, and excited to get a *Running Start* on their academic goals. We look forward to working with you!

Sincerely,

EWU in the High School Team

EASTERN WASHINGTON UNIVERSITY VALUES, MISSION, AND VISION

OUR VALUES

Eastern Washington University Running Start is dedicated to the following key values both in our on-campus programs and off campus programs:

- Student-centered learning environment
Students are the reason why we exist.
- Quality
We strive for excellence in everything we do.
- Access
We expand access to opportunity and success for students.
- Inclusiveness
Our diversity makes EWU a stronger community.
- Integrity
We foster a culture of respect, commitment and honesty.

OUR MISSION

Eastern Washington University expands opportunities for personal transformation through excellence in learning in both our on-campus programs and off campus programs.

EWU Running Start achieves this mission by:

- Fostering excellence in learning through quality academic programs and individual student-faculty/instructor interaction and faculty-instructor interaction. Students extend their learning beyond the classroom through co-curricular programs, life skills development, volunteering and service learning.
- Creating environments for personal transformation that enrich the lives of individuals, families, communities and society at large.
- Expanding opportunity for all students by providing critical access to first generation students, underserved populations, place-bound students, and other students who may not have the opportunity for higher education.
- Developing faculty, staff and instructors by growing and strengthening and intellectual community and supporting professional development.

OUR VISION

Eastern Washington University Running Start on campus and off campus programs envisions a future of professionally, socially and culturally engaged leaders, citizens and communities.

EWU Running Start is a driving force for the future culture, economy, workforce and vitality of Washington State. Our students learn to think critically and make meaningful contributions to both their high schools and their communities.

EWU IN THE HIGH SCHOOL

EWU in the High School (EWUHS) is the opportunity for high-school juniors and seniors to be enrolled in college-level curriculum and earn free college credit all within the familiarity of their high school classroom.

EWUHS Teachers: High-school teachers who teach CEP classes hold credentials that have been approved by EWU faculty in their respective fields of study. Most high-school teachers involved with CEP hold master's degrees in their areas of instruction. EWU faculty coordinators travel to high schools during the school year in order to evaluate the high school teacher, curriculum, and monitor student progress.

EWUHS Students: Students may take as many EWU EWUHS classes per semester as offered at their high school. While enrolled in EWUHS classes, students are effectively enrolled in an on-campus EWU course. Students are held to the same academic and behavioral standards as any EWU Student. You may be required to purchase a textbook for the course.

Curriculum: The curriculum used in EWUHS classes is the same as the curriculum in an on-campus class at EWU. Every educational department at EWU that works with EWUHS provides the high-school teachers with the syllabus, curriculum, and faculty support necessary to ensure that EWUHS students have a smooth transition from high school to college. We adhere to the National Alliance of Concurrent Enrollment Partnership (NACEP) standards.

BENEFITS

- A high school student enrolled in EWUHS can potentially graduate high school with numerous college credits, all of which would transfer directly to Eastern Washington University and most other state college and universities.
- High school students experience college-level curriculum in their H.S. classroom.
- Students earn college credit while working toward H.S. graduation requirements.
- In contrast to AP courses, you will be assured to earn college credit upon completion of course, instead of relying on test scores.
- EWUHS students have full access to EWU services while enrolled in courses. These services include:
 - [Library](#)- on campus and online services
 - [Tutoring](#)- peer to peer assistance via skype, email, online or in person
 - [Math Lab](#)
 - [Writer's Center](#) – online availability
 - [Campus Visits](#) – students and families
 - [Campus Visits](#) – teachers with classes
 - [Use of university facilities](#)
 - Unlimited access to the [STA](#) transit system

ELIGIBILITY

- Sophomore, junior, or senior
- No ACT or SAT score requirements
- Some courses require placement testing
- Any course prerequisites
- No GPA requirement

HOW DO STUDENTS SIGN UP?

- Talk to their high school counselor to make sure that EWUHS is right for them and offered on their high school campus.
- Complete the online orientation found on the program website <http://ewu.edu/highschool>
- Fill out the online application form online (see your high school teacher).
- Fill out a EWUHS registration form (see your high school teacher).
- Complete the Self-Pay Contract if needed.
- Go to class!

PLACEMENT TESTING

Following EWU policy, all students wishing to register for ENGL 101 or MATH 141, 142, 161 must take a placement test.

COST: EWU in the High School will cover the cost of the English placement test (first time and 1 retake only) and the math placement test (first time and 1 retake only). If students wish to retake they will need to pay the placement test fees, math \$30.00 and English \$12.00.

LOCATION: All placement testing for EWU in the High School will occur at the high school. See your faculty coordinator/mentor for more information.

**MATH:* Students must have completed algebra II at their high school before they can take the math placement test. With very few exceptions, all students must take the math placement test before they are allowed to register for their math course. EWU currently uses computer-based software called ALEKS. Students will need to practice in ALEKS for 3 hours prior to taking their test if they do not score how they hoped they may take the test again after completing an additional 10 hours of practice in ALEKS.

PERCENT GIVEN BY ALEKS	COURSE PLACEMENT
29 or below	MTHD 103
30-40	MTHD 104, 106
41-55	MATH 107, 114, 121, 200, 208

Notes:

- The SAT Evidence-Based Reading & Writing Score will now be used to place students instead of the SAT Critical Reading score.
- Placement of students into ENGL 112 and ENGL 101 w/TOEFL scores unchanged.

STUDENTS WITH DISABILITIES: IEP/504 IDEIA/ADA POLICY

Students with disabilities who have meet the eligibility standards for EWU in the High School and have met any prerequisites for the course(s) they are wishing to enroll are encouraged to register. Each high school retains the responsibility for providing and coordinating any accommodations or services as described in the student's current IEP, 504 plan, or similar educational plan. However, the disability-rights laws that apply to colleges and universities (Americans with Disabilities Act or ADA) are significantly different from the special education laws (Individuals with Disabilities Educational improvement Act or IDEiA) that apply to high schools, and all of the accommodation that students currently receive may not necessarily be appropriate or legally required for a college-level class. To avoid any potential barriers to a student's ability to earn full college credit for participation in EWU in the High School, the student is encouraged to contact the high school's special education service provider, case conference committee or similar entity about making the necessary modifications to a current educational plan before enrolling in an EWU in the High School course. To learn more about the differences between high school and college, take a moment to review the U.S. Department of Education's publication "Students with Disabilities Preparing for Postsecondary Education: Know Your Rights and Responsibilities at: <http://www2.ed.gov/about/offices/list/ocr/transition.html>

You can also contact the EWU Disability Support Services office Monday-Friday 8am-5pm.

FERPA

Eastern Washington University follows federal guidelines (FERPA – Family Educational Rights and Privacy Act of 1974) concerning student privacy rights. Faculty will not discuss a student’s progress with anyone without the student’s written permission. Parents will not have access to student records without the student’s written permission. Parents should not contact EWU faculty on their student’s behalf. It is the student’s responsibility to ask questions.

COURSE CANCELATION

In the rare case of a canceled course, students will be unregistered and will not receive any markings on their EWU transcript. It will be as if the course did not exist. Summarily, neither the school district or the individual student will be billed for that course. In the case of refunds, they will be handled on a case by case basis.

Courses may be cancelled by either the high school or EWU. Some reasons for course cancellation include, but are not limited to:

- Low enrollment
- Non-compliance of official university and program policies
- Extended instructor absences when a EWU department approved substitute instructor is not available

<p>Advanced Placement (AP)</p> <p>Students take rigorous college-like courses while still in high school.</p>	<ul style="list-style-type: none"> • Rigorous courses introduce students to college-level academics; • Students may earn college credit and/or advanced placement into upper-level college courses by taking AP exams; and • Many institutions recognize AP courses when making admissions decisions. 	<ul style="list-style-type: none"> • Students pay for end-of-course exams; • College treatment of AP credit varies widely by school; increasingly, students don't receive college credit for high scores on AP exams; and • There are no mandatory requirements for AP teachers, so the quality of an AP course can vary greatly.

*The state allows students to enroll in up to 1.0 FTE tuition free. Counselors and advisors will help make sure students remain in this “free zone” each quarter. However, it is important that students communicate with both their high school counselor and EWU advisor regarding the number of Running Start classes in which they are enrolled.

** The cost of EWU in the High School courses is \$65.00 per credit. If your high school qualified for iGrant funding for College in the High School, the state will fund up to 10 credits per year for juniors and seniors enrolled in an eligible high school. See your counselor or principal to see if your school qualifies for funding.

UNDERSTAND THE DIFFERENCE BETWEEN HIGH SCHOOL AND COLLEGE

High School

Goals

- a) Earn good grades.
- b) Prepare for graduation and college.

Resources

- a) High school instructor has gone to school to learn how to teach.
- b) Students have access to a high school library, counselors, parents and teachers.

Approach

- a) Prepare for year-long assessments.
- b) Students often spend more time in the classroom and may be successful with less study time outside of class.
- c) Grades are earned through attendance, in-class projects, homework and some test scores.

College

Goals

- a) Prepare for a job in a given field.
- b) Learn to become a professional

Resources

- a) College instructor/professor has gone to school to become a professional in a particular field of study.
- b) Students have access to hundreds of on-campus resources tailored to specific areas of study and demographics, such as first generation, Latino, and students with disabilities.

Approach

- a) Study for lifelong knowledge and skills.
- b) Two to three hours of out-of-class study time is recommended for every one hour spent in class to be successful.
- c) Course grades are often more heavily weighted on exams. Extra credit and makeup work may not be accepted.

STUDENT RESPONSIBILITY

EWU in the High School students will be considered college students at EWU. Students will be expected to meet classroom deadlines, come to class prepared, behave appropriately, and have the same level of classroom participation as any other college student.

CLASS PACE

The pace at which college classes are taught is much faster than in a traditional high school course. For example, a high school history class, which is usually taught in one year at the high school, is taught within one semester at your high school.

HOMEWORK

College classes typically demand an average of at least two hours of homework for each hour of class.

ATTENDANCE/PARTICIPATION

Class attendance/participation is an integral part of the college coursework. Class time will be spent going beyond basic comprehension. There is little time for faculty/teachers to stop and review lessons

for students who were absent from class. Please communicate with your professor or teacher if you have a planned absence or when you return to class.

GRADES

Grades earned from a EWU class are calculated into the high school GPA and will go onto your permanent college transcript.

SPREAD THE WORD

Tell your Friends why you participate in EWU in the High School. Here are a few benefits we suggest mentioning:

- Earn college credit in high school
- Save time and money
- Become prepared for college
- Gain access to university library, labs, and tutoring

COURSE EVALUATIONS AND PROGRAM SURVEYS

You will receive a link from the Director of EWU in the High School to complete your course evaluations. We use SNAP online to handle course evaluations. It is important that you complete these evaluations to help your instructor and the University improve. Your responses will be anonymous. We use the same course evaluations in our on-campus and online courses.

Program surveys are another opportunity to help us improve our program. You will receive two different surveys from the Director of EWU in the High School. The Director will send you a link to a Survey Monkey survey. You will receive one 1 year out from high school graduation and one 4 years after graduation. Please make sure your email is up to date in your EagleNet account. To see the basic surveys please see [Appendix A](#).

WITHDRAWAL PROCEDURES

Students wishing to withdraw from a course must inform their teacher and counselor who will then complete the Course Drop Form which should be sent by email to the EWU in the High School office the day the student drops the course. Once notice is received by email to the EWU in the High School office, we will process the paperwork with Records and Registration.

We follow the published university dates for fall, winter (trimester) and spring quarters for payment and dropping/adding courses.

Withdrawals follow the [university calendar](#) for Fall Quarter, Winter Quarter and Spring Quarter.

TRANSFER OF COLLEGE CREDIT OBTAINED AT EASTERN WASHINGTON UNIVERSITY

Eastern Washington University's [transfer guide](#) is a planning tool that helps you discover how your credits transfer to EWU.

- The transfer guide has info for 84,000 courses from 6,300 institutions.
- The transfer guide only includes courses that have previously transferred to EWU. Your courses might not be listed because no one has transferred them to EWU before.
- Not all courses are transferable.
- Eastern only accepts transfer credits from regionally accredited colleges and universities.

If you're wondering about a course that might count toward requirements for your major but you can't find that particular course in the transfer guide, you should contact the department and ask about their transfer and equivalency policies.

EWU in the High School Credits: Credits earned under EWU in the High School in the state of Washington are treated like any other transfer credits.

Freshman students with fewer than 40 transferable credits, including credits earned through "college in the high school" programs, must meet freshman admission criteria. "College in the high school" courses will be accepted as transfer credit if they are from a regionally-accredited college or university, and are consistent with our general transfer credit policy.

Students and parents are advised to contact private and out-of-state colleges/universities of choice regarding transferability of credits.

ORDERING TRANSCRIPTS

To order official transcripts you can order them through your EagleNet account or by going to the [university transcript page](#). You can also get an unofficial copy through your EagleNet account. Choose "Academic Transcript" instead of ordering one. Use this [flyer](#) to help when ordering a transcript.

EASTERN WASHINGTON UNIVERSITY STUDENT RECORDS POLICY

EWU in the High School students are considered Eastern Washington University students and are entitled to all rights and responsibilities as matriculated students. More on [academic records](#) including:

- Your EWU Student Identification Number
- How to declare your major
- SOAR Degree Audit
- How the EWU grading system works
- How to get an enrollment verification
- How to order your EWU transcript
- How to change your name and/or address

- Your rights under FERPA

Since EWU in the High School students are typically under the age of 18, students can choose to waive their FERPA rights in regards to their EWU in the High School courses.

EASTERN WASHINGTON UNIVERSITY GRADING POLICY

Eastern Washington University recognizes that different partnering high schools may have different grading scales; however, the grade that a EWU in the High School/College in the High School student receives on his/her Eastern Washington University grade submission and transcript is to follow Eastern Washington University Grading Policy.

Grades at Eastern are reported in letter grade format only beginning fall 2018.

Letter Grade (letter grades as of fall 2018)

A	4.0
A-	≥3.7
B+	≥3.3
B	≥3.0
B-	≥2.7
C+	≥2.3
C	≥2.0
C-	≥1.7
D+	≥1.3
D	≥1.0
D-	≥0.7
F	0.0

Note on EWU Undergraduate Cumulative GPA:

The grades earned through the EWU in the High School Program are considered Eastern Washington University grades, and will become part of the student's undergraduate GPA if the student enrolls at Eastern Washington University as a full-time student or transfer their Eastern Washington University grades to another institution of higher education.

EASTERN WASHINGTON UNIVERSITY ACADEMIC POLICY

EWU in the High School students are held to the same [academic policies](#) as students attending Eastern Washington University.

EWU expects the highest standards of [academic integrity](#) of its students. Academic honesty is the foundation of a fair and supportive learning environment for all students. Personal responsibility for academic performance is essential for equitable assessment of student accomplishments. The university supports the faculty in setting and maintaining standards of academic integrity. Charges of violations of academic integrity are reviewed through a process that allows for student learning and impartial review.

IMPACT ON FINANCIAL AID AND SCHOLARSHIPS

Students' participation in EWU in the High School/College in the High School and other concurrent enrollment programs does not affect a student's financial aid or scholarship eligibility as long as they apply to colleges as a freshman and not a transfer students and check "never attended" on a the FASFA application.

See [Appendix B](#) for a graphic outlining the impact on financial aid.

RUNNING START + FINANCIAL AID

ALL ABOUT THOSE CREDITS

FACTORS AFFECTING YOUR ELIGIBILITY FOR FINANCIAL AID

+2.0
GPA OR ABOVE

LOW GPA

The minimum grade point average (or GPA) requirement to qualify for Financial Aid & Scholarship is 2.0. The classes taken by RS students through EWU will weigh into their overall GPA.

APPLYING AS A TRANSFER

Freshman students have access to more Financial Aid and scholarships than other students for a longer time. Transfer students will not be processed as freshmen students, and therefore, will not receive the same advantages in acquiring Financial Aid.

270
CREDITS

MAXIMUM CREDITS

Every student is permitted up to 270 credits for their first undergraduate studies before they become ineligible for federal Financial Aid. The average Running Start graduate applies for college with 60 credits.
